

Continuous Enrollment Details:

International Students

Once an international student enrolls in CBS, that student is enrolled until senior graduation unless withdrawn or dismissed. *Once a Warrior, Always a Warrior!*

On April 10, 2019, all international students will be automatically enrolled for the next school year and billed a non-refundable enrollment fee of \$75 and registration fee of \$1,000.

International students not planning to return must opt-out before April 10, 2019, by completing a withdrawal form.

How does it Work?

Never fill out another re-enrollment form! If you plan to stay at CBS, you will be automatically re-enrolled every year. However, if your account is not current and you do not opt out, your enrollment will be pending. If you are not planning to return, you must opt-out.
